STORAGE	CLOTH	PAINT FINISH
Quick-Retract Design	Waterproof, Durable Polyester	Outdoor-Grade Baked Finish

USE SCENARIOS

DESIGN CONCEPT

Inspired by the graceful form of deep-sea tube anemones, the design brings together biomimicry, sculptural aesthetics and human-centered engineering. Its innovative top-down opening mechanism allows the canopy to bloom naturally like a flower and retract into a minimalist column when closed. The umbrella provides effective shade and rain protection while integrated dimmable LED lighting supports both day and night use. It transforms outdoor spaces into sensory settings where poetry meets function, making every opening a ritual-like dialogue with nature.

DIMENSIONS

PRODUCT INFORMATION

Canopy Fabric	Polyester; waterproof, abrasion-resistant, antistatic
Center Pole	90 mm one-piece aluminum alloy profile
Base	Ø60 cm steel plate
Ribs	10 mm carbon-fiber composite rods
Canopy Diameter	300 cm
Opening Height	370 cm
Pole Height	220 cm
Surface Finish	Outdoor-grade baked coating
Input	5 V / 2 A
Rated Power	10 W LED
Battery Capacity	6000 mAh
Product Weight	26 kg
Solar Panel	6 V / 5 W
Charging Time	Solar: 7 h / USB: 4.5 h
Lighting Duration	Approx. 12 h
Light Colors	Cool white / Neutral white / Warm white
Control Modes	Automatic / Remote / Manual

PACKAGING DIAGRAM

Components are packed separately. Please contact customer service to confirm the number of packages for your order.
